I spoke with Dr. Leibsle at ISDA today

Ex. 6 PP / Ex. 7(C) / Ex. 7(D)

[Ex. 6 PP / Ex. 7(C) / Ex. 7(D)] During the complaint inspection conducted by Dan Davis, ISDA Livestock Inspector, on July 4, 2020, it was determined that Mr. Meeks was meeting the required setbacks. Mr. Davis will go out again to verify that Mr. Meeks is still in compliance with the required setbacks.

Please let me know if you can view the attached photos.

Nicole

Hi Nicole, the photos are still not working. They appear to be .url files, but the URL isn't working on my end. I attempted to also translate them into .jpg files, but that didn't work either.

Any way to quickly just screen grab them into picture files if they are URLs?

Hi Nicole, can you upload the photos to the DEQ cloud portal? Unfortunately, it appears they were blocked on our end, in your e-mail message.

Thanks,

Brian Levo

Subject: Complaint Tracker-Meeks Farm-COMPLAINT #161163

Good Morning!

Our Twin Falls Regional Office received the attached complaint and associated photos on Friday, September 4, 2020, regarding Meeks Farm stockpiling excessive amounts of manure near the K Canal. I forwarded the complaint to Mitch Vermeer at ISDA since they recently conducted an inspection at the facility. Mitch informed me that they will follow-up with this complaint.

Please let me know if there is anything else you need from me.

A handwritten signature in black ink, reading "Nicole Deinarowicz", is positioned above the typed name and title.
